OBJECTIVE

Computer Science Engineering graduate with expertise in software development, Java programming, and full-stack systems. Passionate about driving engineering efficiency and digital transformation through robust, scalable cloud and web solutions.

TECHNICAL SKILLS

Languages: Java , Python.

Web Tech & Databases: MongoDB, Express.js, React.js, Node.js (MERN Stack Architecture)

Core Concepts: Object-Oriented Programming (OOPs), AI & Cybersecurity Fundamentals

Development Tools: VS Code, Postman API Client, Github

PROFESSIONAL EXPERIENCE & INTERNSHIPS

ABC Technologies | MERN Full Stack Intern (February 2026 – May 2026)

- Developed full-stack architectures including responsive clones of LinkedIn and BookMyShow.
- Configured backend database schemas and integrated dynamic client-side layouts.

AWS APAC Solutions Architecture (Forage) | Virtual Intern (May 2025)

- Designed scalable hosting cloud infrastructures mapped to strict regional availability requirements.
- Generated infrastructure equations to calculate accurate deployment cost estimations.

Pinnacle Labs | Web Development Intern (April 2025 – May 2025)

- Built 3 cross-browser compatible, responsive websites using modular vanilla JavaScript, HTML, and CSS.

TATA Cybersecurity Simulation (Forage) | Cyber Analyst Intern (February 2024 – July 2024)

- Simulated enterprise Identity and Access Management (IAM) solutions to secure cloud workflows.

ACADEMIC PROJECTS

AI-Driven Medical Voice Bot with Real Doctor Consultation

Engineered an end-to-end automated triage system using voice recognition and Natural Language Processing.

- Built an automated escalation matrix to securely pass structured symptom payloads to live doctors.

3D Solar System Simulation

- Programmed an interactive, lightweight educational simulation tracking realistic planetary orbits.

PUBLICATIONS

'AI-Driven Medical Voice Bot with Real Doctor Consultation for Enhanced Healthcare Communication.'

International Journal of Engineering Research & Technology (IJERT), 2025.

EDUCATION

Bachelor of Engineering (B.E.), Computer Science | Cauvery Institute Of Technology, 2026 — CGPA: 8.67 / 10

Higher Secondary Education (PCMB) | Mahesh PU College, 2022 — Percentage: 64% High School (CBSE) |

High School (CBSE) | Karnataka Public School | 72%
